Seminole Strip of the Month

Strip # 1 - Make a 42 inch wide strip as follows:

Fabric requirements:

Fabric A: Two* strips 1.5 inches wide

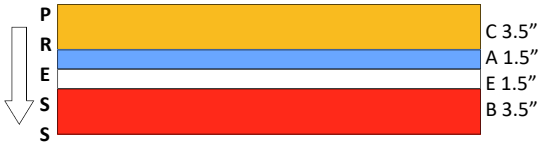
Fabric B: Two* strips 3.5 inches wide

Fabric C: Two* strips 3.5 inches wide

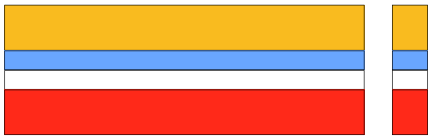
Fabric E: Two* strips 1.5 inches wide

***In each fabric, you will only need about 14" of the second strip**.

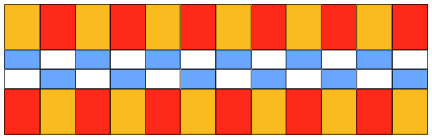
Stitch together into base strip blocks as shown.
Press all seams in the same direction.



Cut into 2.75 inch slices.
You will need 18 or 19 to make a 42" final strip, depending on your seam allowance.



Sew back together, flipping every second slice.



This is our February block. Experience tells me that some of you will have yours finished by the February meeting, but you have the whole month before our show-and-tell at the March meeting.

I doubt you'll have any problems, but you can contact me at sarah_quilter@hotmail.com, or call on 0422 801 789. Have fun!

Sarah Quilter

Tips: A very straight-forward construction, this is good practice for seam nesting. I would suggest that, despite it being tiresome, pinning really helps you get a nice sharp line.
